### COVID-19 Testing Available Through St. Clair County Health Department

The St. Clair County Health Department offers all COVID-19 testing at an offsite clinic located at 1168 Gratiot Blvd, in Marysville. Hours of operation are Monday through Thursday, 8:30am-3:30pm and Fridays 8:30am – 12:00 pm.

Appointments can be self-scheduled on the health department website, [www.scchealth.co](http://www.scchealth.co) click on the “COVID-19 Testing Link” or call (810) 987-5300 for assistance.

Testing helps public health officials identify COVID-19 infection in our community, isolate positive cases and find close contacts for follow-up monitoring. Some people with COVID-19 do not have symptoms and don't know they have it. They can continue spreading the virus and can cause serious illness in others.

Testing information:

- Free/No out of pocket costs
- Dependent on an individual's needs, multiple testing methods are available
- Seek testing if you have been exposed, sick or traveling
- All ages welcome
- No screening needed
- No doctor's order needed
- Please bring a form of ID to the appointment
- COVID-19 vaccinations are NOT provided at this location

This is a rapidly evolving situation. Further updates will be shared on [www.scchealth.co](http://www.scchealth.co) and social media @scchdmi.
